

## Introduction to the Reading Challenge

For each item that you read you will need to create a diary entry. An item could be a book, a poem, a newspaper article or something that you read online.

You will need to create **six** diary entries in total. After each entry you will receive a badge and once you have collected six badges you will be entered into a prize draw!

Each diary entry must contain the title, the author, a summary of what you read and what you thought of it.

You will not be able to enter your second diary entry until you have completed the first. You will not be able to enter your third diary entry until you have completed your second and so on.
